Re: ITC^DeltaCom Communications Inc. ("ITC^Deltacom") Long Distance
Promotional Letter

Dear Mr. Kirtley:

Enclosed for filing with the Commission is an original of this letter to introduce the following ITC^DeltaCom promotion. This promotion is effective September 27, 2006 and available through December 26, 2006.

LD Rewards

LD Rewards Switched Long Distance

LD Rewards Switched Long Distance is a direct dialed outbound long distance and toll free service designed for existing ITC^DeltaCom Business Customers who are re-termining their long distance services. Customers who commit to a minimum monthly volume level will receive rates as specified below. The volume level commitment is based on the Customer's total usage charges during a monthly billing period. Eligible usage includes Customer's outbound and toll free domestic calls.

Per minute intrastate and interstate rates are set forth below and apply exclusively to outbound and toll free domestic traffic. International, Directory Assistance and Operator Service calls are not eligible to receive the rates specified below.

A minimum one-year term agreement is required for this service. No additional discounts will be applied to the rates below.

No other charges, including taxes and the monthly fee, if applicable, will be eligible in attaining the commitment. If the total monthly usage does not meet the minimum volume commitment level, the Customer will be billed an amount that will meet the minimum volume commitment level. The amount will appear as a separate line item on the customer's bill and will be identified as "Volume Level Shortfall Amount." Taxes and surcharges apply to the Volume Level Shortfall Amount. Customers with multiple locations and/or multiple accounts in a group account will be evaluated on an individual account basis.

Kentucky Public Service Commission
September 25, 2006

Discontinuance provisions apply as set forth in the ITC^DeltaCom Kentucky Tariff No. 1, except that, in place of the Annual Usage Commitment Level in the Discontinuance Charge calculation, Customers who sign a term agreement will be charged an amount equal to the monthly volume level commitment amount multiplied by the number of months remaining in the term, on a per-location basis. This discontinuance penalty applies at the time of cancellation regardless of amounts paid in excess of previous months' volume level commitment. In addition, the Company will seek repayment of all monthly and non-recurring fees waived through the date of cancellation. In the event Customer is unable to continue to meet the percentage usage requirements for this product and service is terminated by the Company, no discontinuance charges will be assessed. If customer chooses to transfer service to an alternate product and service is subsequently terminated, Discontinuance Charges will apply under the new product.

Calls are billed in six (6) second increments following an initial billing period of eighteen (18) seconds. International service is offered in conjunction with intrastate and interstate service.

Re: DeltaCom, Inc. / Corporate Restructure and Name Change

Dear Mr. Mills:

DeltaCom, Inc. ("DeltaCom") is a certified provider of telecommunication services in Kentucky, utilizing the facilities of underlying carriers in your state and, in some instances, DeltaCom's switching equipment located in DeltaCom's home state of Alabama. DeltaCom currently is a first-tier subsidiary of ITC Holding Company, Inc. ("ITC"), which directly owns 100% of all outstanding stock of DeltaCom. In an effort to take advantage of certain efficiencies in restructuring its organization, including, among other things, certain tax advantages and operational efficiencies of consolidation of management, ITC plans to reorganize several of its wholly owned operating subsidiaries that are in related businesses (including DeltaCom), with the result that DeltaCom would become a third-tier (rather than a first-tier) subsidiary of ITC (see diagram below). The beneficial ownership and control of DeltaCom upon completion of the proposed reorganization will remain the same as before the restructuring.

Before Reorganization:

After Reorganization:

RECEIVED

FEB 18 1997

P. S. C.
Rates & Research Div.

In addition to the reorganization described above, DeltaCom intends to change its name in the near future. DeltaCom will provide you with written notice, including the appropriate documents evidencing this name change as filed with the Secretary of State's office when accomplished. Also, [NEWCO 3], formerly DeltaCom, will then request in writing to adopt DeltaCom's current tariff on file with your office as its own. If [NEWCO 3] will need to file a replacement tariff, please contact me at your earliest convenience in this regard.

Shortly following the reorganization, ITC and NEWCO 1 intend to refinance the entity that includes DeltaCom, in order to fund, among other things, continued growth and expansion of DeltaCom, enhancements of DeltaCom's billing and customer service systems, and similar improvements. The terms of refinancing still are being negotiated, but at this time we contemplate that NEWCO 1 will issue debt securities (possibly including warrants) in a private placement (with subsequent registration of the debentures, or related securities, with the Securities and Exchange Commission), and that NEWCO 2 will have a new line of credit with one or more banks.

DeltaCom's customers and the end-users of DeltaCom's services should not experience any negative changes or modifications in the provision of DeltaCom's telecommunication services, the rates associated with its services or the billing of its services as a result of the changes described above. In addition, DeltaCom will not have a change of address, a change in ownership of physical assets or property of DeltaCom, a change of its toll-free numbers for customer service, or a change in DeltaCom's liaison with your staff.

Considering the facts provided above, please contact me at your earliest opportunity in the event additional action is required on behalf of DeltaCom beyond this letter notifying you of the proposed reorganization, name change and refinancing. The reorganization, name change, and refinancing described above are scheduled for completion as early as April, 1997. Your efforts in notifying me of any additional required approvals in your state in sufficient time to accomplish obtaining any required approval by April, 1997, will be greatly appreciated. In the event we are not contacted by you, DeltaCom will notify your office by letter upon the completion of the reorganization, name change and refinancing.

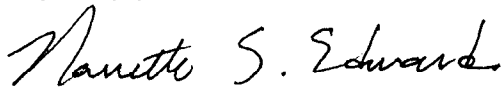

We would be most grateful if you would return the enclosed copy of this letter to my attention, date stamped by your office, in the enclosed self-addressed, stamped envelope provided for your convenience.

Page 3

Please contact me toll-free at (800)239-3000 or at the address above should you have any questions or require additional information regarding this proposed corporate restructuring and name change.

Thank you for your assistance in this matter.

Very truly yours,

Nanette S. Edwards

TARIFF FORMAT

BY: Jordan C. Neal
FOR THE PUBLIC SERVICE COMMISSION

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Public Service Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).1.
- D. Check sheets - When a tariff filing is made with the Public Service Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Public Service Commission.

- B. The customer must obtain an adequate number of access lines for DeltaCom Inbound 800 Service to handle the customer's expected demand in order to prevent interference or impairment of this service or any other service provided by the Company considering: (a) total call volume; (b) average call duration; (c) time-of-day characteristics; and (d) peak calling period. 2.13.3 If the customer requests assignment of a specific 800 Service telephone number, the Company may require the customer to submit a number reservation agreement form to the Company. At no time may a customer have more than ten (10) numbers reserved. Nothing in this section, or in any other provision of this tariff, or in any marketing materials issued by or on behalf of the Company, shall give any person, including prospective customers who have reserved 800 telephone numbers hereunder or customers who subscribe to and use DeltaCom Inbound 800 Service or their transferee or assigns, any ownership interest or proprietary right in any particular 800 number; however, upon placing a number actually and substantially in use, as defined above, DeltaCom Inbound 800 Service customers do have a controlling interest in their 800 number(s).
